

## Sales Agreement for Pembroke Welsh Corgi

Whereas, Susan Francis, herein referred to as the Seller, agrees to sell and otherwise convey unto [REDACTED], herein referred to as the Buyer, the following described Welsh Pembroke Corgi:

Sex: Male      Date of Birth: February 27, 2008      Breeder: Susan Francis

AKC Registration Number: DN [REDACTED]

Sire: LAUZON WINSTON DN10730901

Dam: LAUZON MAGGIE DN10730903

The dog described above is being purchased with full AKC registration for any purpose deemed appropriate by the Buyer, for the consideration of \$ [REDACTED]. A deposit of \$100.00 has been received, leaving a balance of \$ [REDACTED] prior to shipping the puppy

This contract is valid from the date of purchase of the dog, for a period of time not to exceed 24 months from the date of birth of the dog. The Seller agrees to warrant the following:

1. The dog is purebred and can be registered with the AKC. Application form for registration will be rendered to the buyer following Seller's receipt of full purchase price for the dog.
2. Buyer agrees the dog will be examined within 72 hours of purchase by a Doctor of Veterinary Medicine (DVM). If a pre-existing malady is discovered at that time, Seller will pay any and all costs of treatment of said malady, provided that the treatment is performed by a DVM of Seller's choosing or approval prior to the start of treatment. Further, if in the Seller's sole discretion, the Seller feels euthanasia is appropriate, the Seller may request same instead of treatment. If Buyer agrees to the destruction of the dog, Seller will replace the dog with one of equal value. However, if Buyer does not agree to the destruction of the dog, any and all of the warranties in this contract will be considered null and void, including all obligations for costs of treatment. Pre-existing maladies, for the purpose of this contract are defined as those conditions existing in the dog at the time of the sale. This definition does not include follow-up worming, or treatment for intestinal upsets due to transportation and/or relocation of the dog..
3. The dog will have Orthopedic Foundation for Animals (OFA) certified normal hips at 24 months of age and OFA certified elbows at 24 months of age. Normal hips are those rated by OFA as Excellent, Good or Fair. Seller may request a copy of all x-ray films taken of the dog, prior to replacement of the dog before it is 24 months of age. Seller will request retaking of x-ray films that OFA deems questionable due to x-ray film quality or positioning of the dog. Second opinions and retakes requested by the Seller will be paid for by the Buyer.
4. The dog will be suitable for the purpose for which it was originally purchased. Buyer agrees to notify Seller prior to dog turning 24 months of age if dog is deemed unsuitable for original purpose of purchase.

If any one of these warranties is breached, the dog may be returned to the Seller and be replaced with one of equal or greater value. Alternatively, for a dog that would require air shipment, the Seller will simply send the replacement dog, and shipping costs would be shared equally by the Seller and the Buyer. The Buyer then has the option of the disposition of the original dog. The replacement dog will only be warranted for items 1 and 2 listed above, and carries no other warranties. All returned dogs must be in good condition, free of heartworm and brucellosis (as determined by Seller's choice of DVM) and must not have been bred at any time prior to replacement.

Re: Male Welsh Pembroke Corgi Puppy, [REDACTED]

All warranties herein described will be considered null and void in the event that the Buyer:

1. fails to maintain the dog in a clean, healthy, safe environment at all times;
2. fails to follow a DVM's schedule of immunization and parasite control, including heartworm testing and prevention;
3. fails to care for and/or train the dog in a humane manner;
4. sells, gives away, or in any other manner transfers ownership of the dog in whole or in part to any other person or persons (Only applies to warranty items 2, 3, and 4).
